Microsoft Azure portal interface showing the 'megha' Storage browser. The left sidebar lists navigation options: Overview, Activity log, Tags, Diagnose and solve problems, Access Control (IAM), Data migration, Events, Storage browser (selected), Storage Mover, Partner solutions, Resource visualizer, Data storage, Security + networking, Data management, Settings, Configuration, and Data Lake Gen2 upgrade.

The main content area displays the 'megha' Storage browser. The left pane shows a tree view with 'megha' expanded, containing 'Favorites', 'Recently viewed', 'Blob containers', 'File shares', 'Queues', and 'Tables'. The 'Tables' section is selected, showing a table with one item, 'tab1'.

The right pane shows the 'Tables' section with the following details:

- Authentication method: Access key (Switch to Microsoft Entra user account)
- Search tables by prefix:
- Show system-generated tables: ☐
- Showing all 1 items:

Name	Url
